ABOUT

Greetings! I'm Umer hameed, a passionate and detail-oriented frontend developer dedicated to crafting seamless and visually stunning user experiences. I thrive on the challenge of bringing websites to life.
Technical Proficiency:
My journey in frontend development has equipped me with a strong foundation in HTML, CSS, and JavaScript. I specialize in harnessing the power of modern frontend frameworks like React to build dynamic and responsive web applications

SKILLS

- HTML5
- CSS3
- JAVASCRIPT
- REACT JS
- Bootstrap

PROJECTS

Weather App:
